---

1 — AUDIO ALERTERS (8180)

Use Audio Alerters for voice paging, emergency alerting and loud ringing, and avoid missed calls in noisy locations or where employees are wearing hearing protection.
2 — CEILING SPEAKERS (8188)

Ceiling speakers provide crisp and clear communication with even sound distribution, so announcements can be heard clearly by all staff.

3 — HORN SPEAKERS (8186)

Algo's weatherproof horn speakers benefit warehouses with directional sound, wide coverage, durability, and clear audio for announcements & safety instructions.

4 — VISUAL ALERTERS (8138)

Visual alerters integrate with existing systems for safer warehouses, offering visible emergency alerts, hazard indicators, and hearing-impaired accessibility.

5 — INTERCOMS (8201)

Allow two-way communication, verify visitors' identities, grant access remotely, and provide a convenient way to manage entry points, ensuring the safety of the premises.

6 — PAGING ADAPTERS (8301)

Integrate analog PA into IP environments. Paging adapters enhance communication with an embedded scheduler for bells and announcements.
