ALGO
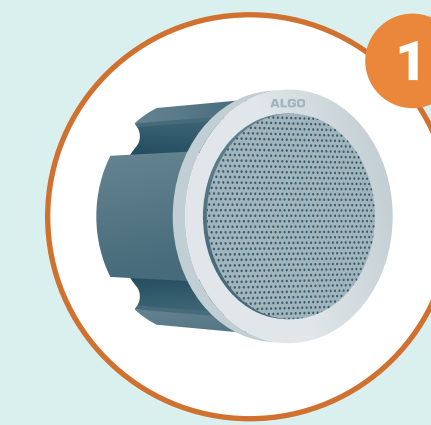

1 CEILING SPEAKERS (8198)
Deliver daily notifications and critical messages. Deploy IP paging cost-effectively with Algo Satellite Speaker technology.

2 ADMP
Algo Device Management Platform offers cloud-based supervision to monitor all Algo devices in one dashboard.

3 DISPLAY SPEAKERS (8410)
Bring attention-grabbing visual and audible communication in a single device for voice paging and notifications in hospitals.

4 DISPLAY SPEAKERS (8420)
Highly notable alerting in multiple directions, this dual-sided display speaker is best suited for hallways and open spaces.

5 VISUAL ALERTERS (8138)
Signal important events with multi-color visual communication, and ensure that staff receive urgent alerts.

6 CALL BUTTONS (1203)
Report safety concerns with call buttons. Quickly and easily initiate calls in case of critical incidents.
